SAFETY DATA SHEET

NATURE'S POND 'ALL SURFACE CLEANER'

Page 1 of 5
Prepared On 1 November 2018
NATURE'S POND 'ALL SURFACE CLEANER' SDS EN

1. IDENTIFICATION

Product identifier

Product Name

NATURE'S POND 'ALL SURFACE CLEANER'

Recommended use for the chemical and restrictions

Recommended Use

BIO-Enzymatic product

Restrictions for Use

For Industrial / Commercial Use

Supplier

Koenders Water Solutions Inc. 3426 Saskatchewan Drive, Regina, SK, S4T1H1

Emergency Phone Number

Contact: (306) 721-1495

2. Hazard IDENTIFICATION

Class

Severe eye damage/eye irritation

Category 1

Skin Corrosion/Skin irritation

Category 2

Labelling elements

Attention

Hazard statements:

Can cause eye irritation

Precautionary Prevention Tips

Wear protective gloves/protective clothing/eye/face protection equipment.

Wash your face, hands and any skin surface exposed carefully after handling.

Safety Tips – Intervention

In case of eye CONTACT: Rinse carefully with water for several minutes. Remove contact lenses, if the victim is wearing them and if they can be easily removed. Continue to rinse. Call a POISON control center or doctor immediately.

In case of contact with the skin (or hair): wash thoroughly with water. In case of irritation or rash: request medical advice/consult a physician. Remove contaminated clothing and wash before reuse.

3. COMPOSITION/INFORMATION on components

Chemical name	Case No.	% by weight

4. First Aid

Eye contact	Rinse carefully with water for several minutes. Remove contact lenses If the victim is wearing and if they may be easy removed. continue to rinse. Call a POISON control center or doctor immediately.
Skin Contact	Rinse with water. Wash contaminated clothing before reuse.
Inhalation	Not applicable
Ingestion	Rinse mouth immediately. Drink one or two glasses of water. Do not induce vomiting. Call a doctor or poison control centre immediately. Never administer anything by mouth to an unconscious person.

The most important symptoms and effects, acute or delayed

The product causes severe irritation to the eyes and irritation to the skin. Symptoms include a tingling sensation and/or the appearance of redness.

Indication of possible immediate medical care and special treatment required

Treat depending on the symptoms.

5. Measures to be taken in case of fire

Appropriate extinguishing Agents

Use extinguishing measures appropriate to local circumstances and the immediate environment.

Inappropriate means of extinction

None.

Specific hazards associated with the chemical

None.

Special protection measures for firefighters

As with any incendiary, wear a self-contained breathing apparatus with pressure demand, MSHA/NIOSH (homologated or equivalent) and full protective clothing.

6. Measures to be taken in the event of an accidental spill

Individual precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes and clothes. Use personal protective equipment.

Environmental precautions

Prevent further leaks or spills when it is possible to do so safely.

Containment and cleaning methods and equipment

Rinse the place with plenty of water.

7. Handling and Storage

Precautions to be taken for safe handling

Handling Avoid contact with skin, eyes and clothes.

The Conditions of safe storage, include possible incompatibilities

Storage Keep containers properly closed in a dry, well-ventilated place.
Material incompatibilities None.

WATER SOLUTIONS INC.

8. Exposure control/Personal PROTECTION

Control settings

None of the components in this product have a known exposure limit.

Appropriate technical control

Engineering measures Not required.

Personal protective measures such as personal protective equipment

Eye/Face Protection Safety goggles.

Skin and Body Protection Wear protective gloves.

Respiratory Protection Not required.

General Hygiene considerations Handle in accordance with good safety and industrial hygiene practices.

9. Physical and Chemical properties

Appearance

Clear

Smell

Non-Scented

Factory threshold:

Not applicable

Ph:

7

Melting/freezing POINT:

Not available

INITIAL boiling POINT and boiling range:

100 ° C

Flash POINT:

None

Evaporation rate, water = 1:

1

Flammability (solid, gas):

Not applicable

Vapour pressure, mm Hg at 20 ° C:

Not applicable

Vapour Density (air = 1):

Not applicable

RELATIVE density at 20 ° C:

1.00

Water Solubility:

Complete

Partition coefficient N-OCTANOL/water:

Not available

Auto-ignition temperature:

None

Decomposition temperature:

Not available

Viscosity:

100 CPS @ 22 ° C

Flammability Limits:

Upper: Not applicable **Lower:** Not applicable

10. Stability and Responsiveness

Reactivity

Non-Responsive.

Chemical stability

Stable under normal conditions.

Possibility of dangerous reactions

None.

Conditions to avoid

None.

Material incompatibilities

None.

Hazardous Decomposition Products

None.

11. Toxicological Data

Acute toxicity

Chemical name	Oral LD50	Dermal LD50	Inhalation LC50

Information on probable Imagier routes of exposure

Severe eye damage/eye irritation
Skin Corrosion/Irritation

May cause serious eye damage.
Irritating to the skin.

Delayed and immediate effects and chronic effects of short and long-term exposure

Respiratory or skin sensitization
mutagenic effects on germinals cells

Non-sensitizing.
None known.

Carcinogenicity

Contains no ingredients listed as carcinogenic to humans.

Toxicity to the reproductive system

None known.

Toxicity pour certain target organs-single exposure

None known.

Toxicity pour certain target organs-repeated exposure

None known.

Aspiration Hazard

None known.

Symptoms corresponding to physical, chemical and toxicological characteristics

Symptoms include a tingling sensation and/or the appearance of redness in the eyes and tissues.

12. Ecological data

Ecotoxicity

No information available.

Persistence and degradability

No information available.

Potential for Bioaccumulation

No information available.

Mobility in the ground

No information available

Other adverse effects

No information available.

13. Disposal data

Disposal methods

Eliminate the product within the local regulations.

Contaminated Packaging

Empty containers must be made available to local plants for recycling, recovery or disposal.
