CALCIUM REMOVER CLEANER

The **INO bio 12 Calcium Remover-Cleaner** is a biotechnological product specially formulated to dissolve and remove the white film deposits left on floors and carpets due to tracking of ice melter. With a neutral pH, it does not damage floor finishes, marble, terrazzo, carpet colour and fabric or any other floor covering. It can be safely used on aluminium doors and other metallic surfaces and structures. The solution does not produce toxic vapours of any kind and it is non corrosive for skin, respecting standard #404 of the OECD. The product surpasses all international environmental accreditation agencies standards and is approved as credits towards a LEED or Go Green certification.
