### DILUTION RATE

- Ready to use

This heavy-duty, cleaning product is designed to clean and remove excess dirt and floor finish where floor machines cannot reach. The thick, penetrating foam clings to vertical surfaces like baseboards for easy removal of wax and dirt build-up. Dirt and wax build-up are quickly emulsified by chemical action for easy removal, leaving a clean surface. Turn the can upside down and spray an even coat over the area to be cleaned. The thick foam clings to surfaces that need cleaning or wax removal. Make that difficult task easier.
