

# INO GLOSS 2

ino **gloss**

## PRESTIGE FLOOR FINISH / SEALER 35% SOLIDS

The INO gloss 2 floor finish was formulated with new double polymer technology that combines an unparalleled shine, improved durability, and a response to polishing that is ideal for all types of cleaning and maintenance programs. INO gloss 2 PRESTIGE has 35% solids and, therefore, allows you to save up to 50% of time compared to the application of cheaper floor finishes. It delivers an instant shine that becomes increasingly intense and resistant with each polishing. By following the instructions, the product can be used on terrazzo or any other resilient floors such as vinyl, asbestos, linoleum, asphalt, and rubber.

### CHARACTERISTICS

<b>Colour</b>	Milky, white liquid
<b>Dilution</b>	RTU
<b>Format(s)</b>	10L, 3.78 L
<b>Odour/perfume/fragrance</b>	Slight ammonia
<b>pH</b>	8.0
<b>Relative Density</b>	8.7 lb/gal @ 68°F / 1.04 kg/l @ 20°C
<b>Shine</b>	Wet look
<b>Solids (% Brix)</b>	35%
<b>Surface covered (1st coat)</b>	800 - 1000 sq. ft.
<b>Surface covered (Following coat)</b>	1200 - 1500 sq. ft.
<b>Viscosity at 25°C</b>	< 10 centipoise @ 68 °F (20 °C)
<b>VOC</b>	5.67-6.67%

### FEATURES

- Meets all ASTM anti-skid standards
- 35% Solids
- Provides a high-gloss shine that gives the floor a wet look
- Offers excellent resistance, making it ideal for areas with high traffic
- Easy to apply
- Compatible with all maintenance and cleaning programs
- Exceptional levelling
- Requires fewer coats to complete the job

### DILUTION RATE

- Ready to use

### CODES & FORMATS

- 3.78L      INO-GL2-4
- 10 L      INO-GL2-10
