- . Showers
- . Restaurants
- . Kitchens
- . Dressing rooms
- . Hospitals

Approved by the Canadian Food Inspection Agency, this golden-coloured soap is a foaming solution containing aloe and Vitamin E, offering the softening properties of these two elements. With an appealing citrus fragrance, this antibacterial foam includes 0.5% triclosan as an active ingredient. Produces a rich and hydrating foam that eliminates a wide variety of germs. This product can be used with the INO foam dispenser anywhere people wash their hands. Format: 950 mL.
