## CONCENTRATED DEODORIZER IMPROVED FORMULA

INO Olfa 12 combines a fresh fragrance with an anti-odour extender power in liquid form. Its unique formula is not a masking agent or cover-up perfume. Olfa 12 actually filters out bad odours and allows pleasant scent through. It effectively counteracts a broad spectrum of malodours in hospitals, litter, hotels, motels, kitchens, bathrooms, any bad odour areas, sinister areas etc.
